My dear Mirza.

Thanks for your two letters & enclosures. I wired to you yesterday suggesting a reply to Mr. Stokes' letter about Gersoppa, & I hope to get a reply to-day. I assumed that His Highness would be willing to arrange a camp at Jog, provided that His Excellencies did not cut short their stay in Mysore. Please pass all letters from Mr. Stokes to me, whether private or otherwise, as they are all concerned with His Excellency's visit & it is necessary that you should see

these during my absence.
I am glad the "Daily Post"
affair is at last closed.
I heard from Col. Faulkes today.
I enclose his letter. Would you
kindly ask * * whether his
things may be kept in one of
his rooms in Mr Faulkes' Bungalow.
They can be kept in one of Mr
smaller rooms and not interfere
with the use of the house by
occasional guests. You might
let me know about this when
I return.
The heat here is very bad a
Dam lazy to get away from
it. Dam leaving on the 23rd
+ shall arrive in Bangalore
on the morning of the 24th
The War File there was a bloated
show + I did my share of work
at it, as I was telling things
the whole afternoon. I have
had a letter from my son, written
from France. He is pro-tem
in the Trenches now.

With Kind regards

Yours truly

R. Casement

I will return the pics in the
Enclosures which you sent
me Roy.
